Orphans of the Storm is located in Armstrong County. It was established in 1969 to provide temporary shelter for unwanted and abused animals. The shelter matches lovable animals with loving forever homes, educates the public on humane, responsible care of all animals, and promotes spaying and neutering to reduce companion animal overpopulation. Orphans of the Storm is a no-kill animal shelter and only euthanizes an animal if it is suffering with no hope to be cured, or if the animal is a danger to people or other animals. Its website is www.orphansofthestorm-pa.org.
